

ABSTRACT SUBMISSION GUIDELINES
16th Annual Virtual Academic Surgical Congress * February 2021

This document contains complete instructions for creating an Abstract for the 16th Annual Academic Surgical Congress (ASC) using the ASC on-line Abstract Submission System www.academicalsurgicalcongress.us).

Abstracts will only be accepted via electronic submission. Submitted abstracts should be organized into the preformatted headings: Introduction, Methods, Results and Conclusions in order to convey the purpose(s) of the scientific work and the clinical or scientific significance of the project.

USING THE ON-LINE SUBMISSION SYSTEM

Before starting the on-line Abstract Submission please:

- READ ALL OF THE INSTRUCTIONS - Instructions are available on the main abstract submission site, and when you log in by selecting the Submission Guidelines link.
- Have all of your AUTHOR information available, including their proper credentials, email addresses, organizational affiliations, and the status of each of the authors AAS and SUS membership.
- Have all disclosures of financial relationships for all authors within 12 months of the date of submission and all potential CONFLICTS OF INTEREST that pertain to the research being submitted.
- Have your TITLE and ABSTRACT body prepared and formatted correctly in a Microsoft Word Doc (RTF format).
- PREPARE YOUR GRAPHICS FILE (if needed) - You will upload the graphic file. Only JPG, JPEG, GIF or PNG formats will be accepted. See instructions under Item 6 below.

CREATE A LOG-ON ACCOUNT

The ASC Abstract Submission System will guide you through creation of an account. You will use your email address as the username. You will select a password.

Note:

All official correspondence from the ASC during the submission process will be sent to the person creating this account through the email address provided. All authors will be emailed with confirmation of the submission. The primary and senior authors will be emailed the final decision from the ASC.

Once an account has been created, this will be used for all Abstract Submissions, Reviews, and Deletions and you will be able to login and out to manage your abstracts. Please keep your password secure.

SUBMISSION STEPS

- Click "Start New ASC Abstract Submission"

1. Title

- Make it short and specific. The body of the abstract should follow logically from the title.
- Abstract titles need to be submitted in a Title Case format, capitalizing the first letter of each word. For example: "Insulin Regulates the Efficacy of Nitric Oxide in Type 1 Diabetes", except where science-specific lowercase letters need to be used. This system will attempt to validate and correct your title format entry. If the system makes a mistake in the conversion, you will have the ability to correct those in later steps.
- Special characters may be pasted in.
- We highly encourage you to paste your title from a MS Word file format (rich text format).
- Titles are limited to 100 characters including spaces.
- ABSTRACTS SUBMITTED WHICH ARE NOT IN THIS FORMAT WILL NOT BE CONSIDERED.

2. Abstract Type/Scientific Area/Clinical Specialty

- Select the top 3 categories which describe your abstract based on abstract type, clinical area, and scientific area. To select an abstract category, choose options from each of the 3 categories listed below. These abstract categories will be used to assign abstract reviewers and potentially place abstracts into appropriate sessions.

ABSTRACT SUBMISSION GUIDELINES
16th Annual Virtual Academic Surgical Congress * February 2021

- Definitions of Abstract Types:
 - **Basic/Translational Research** - Studies using in vitro models, animal models, or biological specimens from human subjects
 - **Clinical Research** - Retrospective or prospective studies involving human subjects and/or health services data
 - **Education Research** - Studies focused on medical education with or without involvement of human subjects

<u>Category 1: Abstract Type</u>	<u>Category 2: Clinical Area</u>	<u>Category 3: Scientific Area (Options Differ Based on Selected Abstract Type)</u>
Basic Science	Breast	BASIC SCIENCE/TRANSLATIONAL:
Clinical/Outcomes	Cardiothoracic	Cellular and Molecular Biology
Education	Colorectal	Developmental Biology/Tissue Engineering
	Cross Disciplinary	Experimental Therapeutics
	Endocrine	Genetics
	General Surgery	Immunology/Immunotherapy
	Global Surgery	Physiology/Pathophysiology
	Hepatopancreatobiliary	Precision Medicine/Biomarkers
	Minimally Invasive Surgery	Preclinical Surgical Innovations
	Oncology	Other
	Pediatrics	CLINICAL/OUTCOMES:
	Plastics	Clinical Trials
	Transplantation	Clinical Surgical Innovations
	Trauma/Critical Care	Cost Effectiveness
	Upper GI/Bariatric	COVID-19
	Vascular	Disparities and Access to Care
		Ethics/Bioethics
		Geriatric Surgery and Palliative Care
		Health Informatics
		Health Policy/Patient Safety
		Patient-Centered Outcomes
		Qualitative Research Methods
		Quality of Care
		Other
		EDUCATION:
		Continuing Medical Education
		Resident Education
		Simulation Education
		Other

Note: All abstracts submitted will be considered for oral presentations. Abstract scoring will be performed in a blinded fashion by a joint AAS/SUS Program Committee. All abstract oral sessions will be fully integrated (combined AAS and SUS parallel sessions).

ABSTRACT SUBMISSION GUIDELINES
16th Annual Virtual Academic Surgical Congress * February 2021

3. Affiliation List

- Enter the unique affiliations for your author list using the drop down menu.

4. Authors

- Enter the *Primary Author* details first. The *Primary Author* is defined as the individual who will be making the presentation at the ASC. The *Senior Author* is the individual who is responsible for overseeing the work being presented. For each author, you will need the following information: first name, middle initial, last name, degree, affiliation, email address, primary phone, mobile phone, primary fax, gender, ethnicity, age, rank, and membership status.
- You have the ability to re-order the additional authors by changing their order number.
- *Primary* and *Senior* authors cannot be reordered, since they are required. To change Primary or Senior Author designations, click 'Edit' and change the designation or name for the Primary or Senior author. The system will then automatically reorder them into the correct spot.

5. Off-Label Use, Financial Disclosures and Conflict of Interest Management

- Off-Label Use: You must specify if you will be discussing the unlabeled use(s) of a commercial product in this educational activity. If yes, then you must indicate the product and describe the unlabeled use. You must also disclose this information during your presentation and describe how you will do this in 450 characters or less.
- **The ASC is an ACCME accredited activity, which means that it must ensure balance, independence, objectivity, and scientific rigor in all of its individually sponsored or jointly sponsored educational activities. Since you may be in a position to control the content of this educational activity, you must disclose whether or not YOU/YOUR SPOUSE/ DOMESTIC PARTNER OR ANY OF THE ABSTRACT AUTHORS/AUTHORS' SPOUSES/ DOMESTIC PARTNERS have a financial relationship with a commercial interest within 12 months of the date of this abstract submission. According to the Accreditation Council for Continuing Medical Education (ACCME), a commercial interest is any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. The ACCME does not consider providers of clinical service directly to patients to be commercial interests - unless the provider of clinical service is owned, or controlled by, an ACCME-defined commercial interest.** Visit <http://www.accme.org/requirements/accreditation-requirements-cme-providers/policies-and-definitions/definition-commercial-interest> for a full definition and a list of all exceptions. For example, for-profit hospitals, group-practices, government organizations, etc., are not considered ACCME-defined commercial interest. However, surgical device companies and pharmaceutical companies are commercial interests. Disclosure identifies the presence of any potentially biasing relationship of a financial, professional, or personal nature. A potential perceived conflict of interest would occur, for example, if you have, or a member of your family has, within the past 12 months, received a salary, stock options, royalty, speaking honorarium, research appointment, board of directors remuneration, or consulting fee from an organization whose product or service you will be discussing at the Academic Surgical Congress. Conflict of interest may also occur if you have any potential to benefit personally or professionally from the presentation (i.e., work for a proprietary company presenting the learning activity, have written a book about the topic, provide consulting services related to the topic, etc.).
- Abstract Authors must list all disclosures and indicate the author the disclosure pertains to, the company name, what was received, and a brief description of the potential conflict. Authors must also include any management options for the potential conflict or an explanation of why you believe it is not a conflict.
- You must read the Academic Surgical Congress Policy on Conflict of Interest that is available on the Abstract Submission Site and understand the management options as they pertain to potential conflicts which may include peer review of your presentation prior to the Congress. **Per the ASC Policy on Conflict of Interest, the use of employees of ACCME-defined commercial interests as faculty and planners or in other roles where they are in a position to control the content of accredited CME is prohibited.**

ABSTRACT SUBMISSION GUIDELINES
16th Annual Virtual Academic Surgical Congress * February 2021

6. Abstract Body

- Abstracts are limited to 3000 characters including spaces.
- Special Characters may be entered using the Special Character (Ω) button.
- We highly encourage you to paste your abstract sections from a Microsoft (MS) Word file format.
- When pasting text into the abstract sections, please use the clipboard character. Otherwise, the program will not recognize the pasted content.
- Text should be entered into the corresponding pre-formatted boxes for Introduction, Methods, Results, and Conclusions. **PLEASE DO NOT:**
 - Show title or author information in the Abstract.
 - Show department or institution information in the Abstract.
 - Acknowledge research grant support in the Abstract.
 - Use capitals, highlighting, bolding, or underlining for emphasis within the Abstract body.
- **Tables and Graphics:** Tables are required to be uploaded as a graphic file. For information on how to convert a table to a graphic file [click here](#).
 - o There is only **one** table or **one** graphic allowed per submitted abstract.
 - o 225 characters will be deducted from the 3,000 total characters allowed for your Abstract if a table or graphic is added.
 - o Tables may not contain more than **6 rows** of data.
 - o **File format must be .png, .jpg, .jpeg, or .gif ONLY**
 - o PLEASE name your table graphic file a simple, standard file name to UPLOAD (e.g. asc-table.jpg)
 - o Image width must be less than 1000 pixels wide (3 inches at 300 dpi) AND **less than 10 megabytes**
 - o Images will be printed in grayscale, so you may wish to convert your image on your own to see how it will present
 - o **DO NOT SHOW author or institution information in the tables or graphics**

7. Preview

- You will have the opportunity to preview the abstract exactly how it will appear to the program committee. If you find errors, you can go back to step 6 and edit the abstract, table, or graphic.

8. Awards

PLEASE NOTE: Due to the transition to a virtual meeting, ASC leadership is continuing to discuss the research awards and not all awards may be awarded at the 2021 meeting.

Association for Academic Surgery Awards

Authors must be a member of the AAS or have an AAS membership application in process to be eligible for any AAS awards. Medical students and residents/fellows can become members of the AAS through the appropriate membership category.

The following awards will be made based on abstract submissions:

- **Best Overall Abstract by an AAS Member**

The highest scored abstract submitted by a full member of the AAS will receive this award. To be eligible for this award, award winner must be the primary/presenting or the senior author **AND** be an Active Member of the AAS in good standing. The AAS faculty award winner will receive a certificate and a paid trip to present his/her work at the annual Surgical Research Society of Australasia (SRS) meeting, held in the fall of each year in either Australia or New Zealand. **PLEASE NOTE: The SRS meeting schedule may be impacted by the COVID-19 pandemic and therefore the availability of this award is subject to change.**

ABSTRACT SUBMISSION GUIDELINES
16th Annual Virtual Academic Surgical Congress * February 2021

- **AAS Outstanding Resident Research Award**

Residents who submit the top scored abstract for basic science, clinical/outcomes, and education research (i.e., total of 3 awards) will receive this award and will present their work in a plenary session. The 3 award winners will receive a certificate and a cash prize of \$500. To be eligible for this award, the resident must: 1) be the presenter, and 2) be in a surgery residency program, and 3) either the presenting or senior author must be an AAS member (either full or candidate) in good standing or have an AAS membership application in process at the time of submission.

The following awards will be made based on manuscript submission.

- **Best Overall Manuscript by an AAS Member**

The winner of this award will receive a certificate and a cash prize of \$500. To be eligible for this award, the manuscript must be submitted to the *Journal of Surgical Research* by December 4, 2020 at 4:00pm (Central), AND either the presenting or senior author must be an AAS member (either full or candidate) in good standing or have an AAS membership application in process at the time of submission.

- **Best Manuscript by an AAS Resident or Fellow**

The winner of this award will receive a certificate and a cash prize of \$500. To be eligible for this award, the manuscript must be submitted to the *Journal of Surgical Research* by December 4, 2020 at 4:00pm (Central), the presenting author must be a resident, postdoctoral research fellow or clinical fellow, AND either the presenting or senior author must be an AAS member (either full or candidate) in good standing or have an AAS membership application in process at the time of submission.

The following awards will be determined based on presentation during special sessions at the meeting. The presentations will be judged by a panel made up of the program committee, current leadership, and past presidents of the AAS. (*Leadership is currently discussing if these sessions will take place during the virtual meeting.)*

- **AAS Outstanding Medical Student Award**

Medical students who submit the top 10 scored abstracts will be selected to present their work in the Medical Student Quick Shot Session, during which time the award winner will be selected. Note: the abstract may also be selected for a full oral presentation in one of the parallel sessions, depending on the score the abstract receives. The award winner will receive a certificate and a cash prize of \$250. To be eligible for this award, the medical student must be the presenter of the work AND either the presenting or senior author must be an AAS member (either full or candidate) in good standing or have an AAS membership application in process at the time of submission.

- **Best Presentation by an AAS Resident or Fellow**

Residents and fellows who submit the top 10 abstracts excluding those chosen for the 3 resident research awards will be selected to present their work in the Best Presentation by an AAS Resident or Fellow Competition. Note: the abstract may also be selected for a full oral presentation in one of the parallel sessions, depending on the score the abstract receives. The winner of this award will receive a certificate and a cash prize of \$250. To be eligible for this award, presenting author must be a surgical resident, postdoctoral research fellow or clinical fellow AND either the presenting or senior author must be an AAS member (either full or candidate) in good standing or have an AAS membership application in process at the time of submission.

Society of University Surgeons (SUS) Awards

- The SUS presents two awards to the best presentation by a resident in the plenary sessions. Eligible abstracts will be those selected for presentation at any of the plenary sessions and presented by a general surgical resident in good standing in their department, where the Senior Author is a SUS Member in good standing. The submitting author must apply for the award via the abstract submission system. Eligible presentations will be graded by members of the SUS Executive Council and the winner will receive support to travel to their choice of either the European Society for Surgical Research (ESSR) 2021 Congress or the Surgical Research Society (SRS) 2022 Annual

ABSTRACT SUBMISSION GUIDELINES
16th Annual Virtual Academic Surgical Congress * February 2021

Meeting. The runner up will receive support to travel to the other meeting. For questions regarding membership status, contact the SUS Member Services Department at membership@susweb.org.
PLEASE NOTE: The SRS and ESSR meeting schedules may be impacted by the COVID-19 pandemic and therefore the availability of these awards are subject to change.

Society of Asian Academic Surgeons (SAAS) Esther Tsai Sugg Research Award

- SAAS presents one award to the top scoring abstract in which either the presenting author or the senior author is a SAAS member. The presenting author of the winning abstract will be awarded a plaque and \$500.

Additional Information

- Authors of abstracts will be limited to one award. Preference will be given to international travel awards (Best Overall Abstract by an AAS Member or SUS Awards) followed by those associated with cash prizes.

9. ASC Dual Presentation/Publication Policy

- Definition of dual presentation/publication:
 - Presentations at the ASC must not have been presented previously at a major U.S. national meeting prior to the annual ASC meeting.
 - The following types of presentations are exempt:
 - Presentations at meetings that have taken place at the local, state, or regional level (including in non-U.S. countries). These presentations cannot have been previously published in a journal.
 - International surgical meetings
 - Abstracts submitted to the ASC for consideration for presentation at the annual ASC meeting shall not already be published in a peer-reviewed English language journal at the time of submission.
- Due process:
 - **Any submitted abstracts determined to be in potential violation of this policy will be referred to the AAS and SUS program chairs who will make the final decision after consultation with the ASC core committee.**
 - The officers of the ASC will review the case and render a decision within 3 months of the discovered dual publication. The submitter and/or senior author may appeal the decision to the ASC within 90 days of notification. The ASC will complete the process within 6 months following initiation of the appeal.
- Penalty for dual presentation/publication:
 - **Both the submitter and the senior author will be barred from submitting abstracts/data to the ASC for 3 years. The department chair of the submitter and senior author will be notified by letter.**

10. Final Review

- This final review of your abstract will be your last chance to modify the abstract before the judging committee has access to it.
- Please review carefully, changes are NOT allowed after you Submit as COMPLETED.
- When you are ready to submit, click the "Submit as COMPLETED" button at the bottom of this page to confirm your submission. After you click on this button, a confirmation e-mail of the submission will be automatically sent to the person entering the abstract information (the responsible person) and to the *Primary* and *Senior* authors. Save this confirmation e-mail.
- If you do NOT receive the confirmation e-mail, please contact us (below) immediately.

SYSTEM AVAILABILITY

- The Abstract Submission System will be open 24 hours each day from July 6 – Aug 7, 2020.

ABSTRACT SUBMISSION GUIDELINES
16th Annual Virtual Academic Surgical Congress * February 2021

- **The abstract submission site will close on August 7, 2020 at 11:59 pm ET.**
- All abstracts must be received prior to this date and time. Be aware that system usage can be heavy in the last few hours of the abstract submission deadline.

WHOM TO CONTACT WHEN PROBLEMS OCCUR

- For technical support regarding abstract submissions please contact: Caduceus Technical support at support@academicsurgicalcongress.org. Technical support staff will respond to your email inquiries in the order received, and will usually be able to solve your problem within 24 hours.
- For questions about abstract submission policies (submission dates, deadlines, etc.), contact: Dan Berlant in the ASC office at dan@academicsurgicalcongress.org or at (310) 986-6444, ext. 118.
- For Manuscript questions, please contact
 - *Journal of Surgical Research*, Managing Editor: Susan Newcombe at JSR@Stellarmed.com or at (508) 732-6767 x12
 - *Surgery*, Managing Editor: Kerri Crowley at surgery@stellarmed.com or (508) 732-6767, x10

SUS NEW MEMBER POSTERS (NMP)

- Information regarding the SUS New Member Poster submission process will be announced at a later date.
- For specific SUS NMP questions, contact SUS Member Services at membership@susweb.org.
